

Dummy Blind (SLO)

Dummy Blind je "delovni test" s standardnimi 500 g dummyji po ideji Polonce Voglar.

Tekmovalci so izžrebani v pare.

Prvi član para ("človek") spremlja kam pomočnik skrije dummy, drugi član para ("pes") pa ne. Ko je dummy skrit, se lahko na dovoljenje sodnika tudi "pes" obrne v iskalno polje. Na znak sodnika lahko "človek" pošlje "psa" iskati dummy (z besedo). Ko "pes" prestopi startno črto, se jima začne meriti čas. "Človek" lahko usmerja svojega "psa" po iskalnem polju le s piščalko/žvižganjem ter signali z roko. Takoj ko "pes" prinese dummy čez startno/ciljno črto, se neha meriti čas. V vsem tem času "človek" ne sme prestopiti startne črte.

V drugi rundi se vlogi tekmovalcev zamenjata.

Časi iz obeh rund se seštejejo, tekmovalni pari razvrstijo po najnižjih časih.

V primeru enakega seštevka časov se naredita izločitveni rundi po zgornjih pravilih. Rundi se ponavljata dokler ni znan zmagovalec. Velja za prva tri mesta. Ostali si mesta lahko delijo.

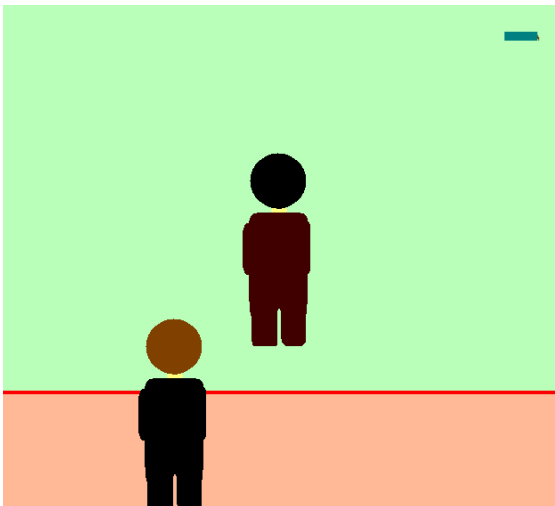

Diskvalifikacija para:

- če "človek" prestopi startno črto
- če "človek" vodi kako drugače kot z roko in piščalko/žvižganjem

Organizator lahko določi dodatna navodila, ki tukaj niso zajeta.

Navodila za sojenje:

- na startu je 1 sodnik, ki spremlja prestopne ter usmerjanje/vodenje
- pomočnik, ki skrije dummy, poleg sodnika meri čas

Dummy Blind (ENG)

Dummy Blind is "working test" with 500 g dummies after the idea of Polonca Voglar.

Competitors are paired by the lot.

The first member of the pair (the "man") watches where dummy is placed; the second member of the pair (the "dog") does not. When the dummy is hidden, the judge allows the "dog" to turn into the field. On judge's permission "man" can send the "dog" to retrieve the dummy (with the word). When the "dog" crosses the start line, the clock starts to run. "Man" can direct the "dog" a whistle/whistling and with the hand signals. As soon as the "dog" brings the dummy across the start/finish line, the timer is stopped. In all this time, "the man" can not cross the starting line.

In the second round competitors exchange the roles.

Times from both rounds are summed up, the pairs are ranked according to the lowest times.

In case of a tie there are the eliminating rounds after rules above. Rounds are repeated until the winners are known. Applies to the first three places. Others can share times.

Disqualification of the pair:

- in the case of the overstep of the "man"
- if the "man" handles the "dog" differently than with using the whistle/whistling and the hand signals

The organizer may define additional instructions that are not covered here.

Instructions for judges:

- near the throwing line is 1 judge who monitors oversteps and "man's" handling of the "dog"
- assistant, that hides the dummy, measures time near the judge
